High Level Process for Long-term Recovery Planning

RTF / Branch Kickoff

Establish the working structure for RTF and launch branches. Identify immediate needs and goals to address.

Launch website.

RTF & Branch Coordination

Identify recovery objectives; inform impact and needs assessment; establish projects; incorporate community's priorities; inform long term planning; oversee recovery plan implementation.

Identifying & Analyzing Unmet Needs

Hurricane Ian storm impact analysis, and a cursory look at outstanding needs that will begin to shape recovery priorities.

Community Engagement

Comprehensive community outreach to inform and validate needs, identify solutions, and validate planning.

Hurricane Ian Disaster Recovery & Resilience Plan

A framework for Lee County's recovery from Hurricane Ian, including prioritized projects, funding sources, and key stakeholders.

Emergent Needs & Pertinent Recovery Implementation

Conduct recovery operations and manage recovery funding streams: short-term, intermediate, long-term.

RTF is forum to identify emergent and time sensitive needs and identifying best path forward.

Meeting Purpose

Discuss Branch Initiative Matrix and address gaps in priority alignment.

Review Branch Technical Brief development process and identify other Technical Brief requests.

Initiative Development Process

Initiate Design

What is an Initiative?

- An Initiative constitutes the plan of action each Branch has selected, with support from the Recovery Task Force, to address validated priority areas.
- Initiatives are the critical piece of the Recovery and Resilience Plan that will showcase the steps Lee County is taking to increase overall resiliency.

Branch Role:

Branch members are responsible for identifying the following components of an initiative:

- Initiative Lead
- Description and Progress
- Measures of Success
- Partners
- Implementation Steps (collaborative piece)

How to Read an Initiative:

Initiative Title and Number

Each Initiative has a unique title that briefly describes its purpose, and unique identifying number. The number indicates the strategy that the action supports.

Lead

The lead represents the primary organization or position charged with overseeing the action's implementation.

Initiative Description + Progress

The description provides a high-level overview of each action that explains its purpose in the Recovery Action Plan.

Funding

Potential funding or organizations with potential funding are listed here.

Resources

The resources are identified information, guidance, and/or equipment necessary to support implementation.

Where is this Initiative Involved?

Connections to relevant planning documents are noted in this section.

Priority Level

The following indicators show the action's priority level (low, medium, or high). Three filled in boxes means high, two means medium, and one means low.

Project Partner Type

Each icon shows the type of project partners(s) to support action implementation. They can be City-led (left), Community-led (middle), or Private-Public Partnership-led (right).

Met Needs

Met needs displays the number of priorities that the action addresses.

Measures of Success

Measures of success identify key milestones of successful action implementation.

Partners

Initiatives may require assistance from community partners, which are noted here.

Implementation Steps
The steps outline actionable tasks that are needed for implementation.

Technical Briefs

What is a Technical Brief?

- Technical Briefs will connect Branch members with technical expertise on requested topics.
- Branch Action Plans allow Branch members to strategize scope of initiatives and identify additional information needed to fully develop a proposed initiative.
- Briefs will be short summaries including a combination of case study review, research, and subject matter expertise to provide branch members with information useful in developing an initiative.

Examples:

- **Need:** A Branch wants to review a few "best practice" policy approaches from a jurisdiction with similar characteristics.
- The ResilientLee Support Team will provide case study summaries that highlight key elements that could inform our initiative.

Considerations

Do the Initiatives align with the Branch priorities?

Are there missing Initiatives for any of the priorities?

Are there any gaps in addressing Branch priorities?

What Technical Briefs are needed?

Priority 1 Initiatives

Identify short-term recovery strategy to stabilize the arts community

Initiatives:

1. Secure short- and long-term capital funds to rehabilitate and maintain physical cultural and historic centers which are important, vital hubs for community engagement and conversations, including utilizing technology for virtual engagement and ensuring ensuring accessibility for all communities (e.g., transportation and ADA compliance).
2. Rehabilitate and maintain existing cultural, artistic, and local university networks and facilities to create new opportunities for the community to connect, promote local arts and culture, and use in resilience hub development.
3. Revive and repair parks and public recreation.

Priority 2 Initiatives

Convening of the arts community supporting cultural facilities and individual artists

Initiatives:

1. Develop a cultural and artistic residency with mixed use space where artists could live, educate, create, display and have retail space for their artistic endeavors.

Priority 3 Initiatives

Identify regional cultural planning and county-level representation of the arts

Initiatives:

1. Integrate art into infrastructure rebuild and incorporate art and culture planning into the transportation sector strategy.
2. Develop a sector strategy for economic and workforce development to diversify tourism industry, creating a more resilient economy.
3. Lee County to create a Cultural and Arts Advisory Committee that includes branches focused on and advising the individual municipalities in addition to County activities.

Branch Action Plans

What is a Branch Action Plan?

- Branches will develop an Action Plan that will become annexes to Initiatives in the final Plan.
- These will include the recommended Initiatives defined as new projects, policy changes, and current project prioritizations from the eight Branches.

Purpose:

- Provide **prioritization recommendations** for existing plans and projects;
- Recommend **new Initiatives**; and
- Identify key **policy changes** that can support community resilience.

Branch Member Responsibilities

Branches will need to accomplish the following to successfully develop an action plan:

-  Participate in workshops related to Branch priorities/initiatives.
-  Deliberate best approaches to addressing priorities.
-  Identify topics requiring technical briefs to fill information gaps.
-  Identify and collaborate with key partners/stakeholders who might implement initiatives or enact policy changes.
-  Facilitate the design (concept and approach) of the initiatives and identifying a lead to facilitate initiative implementation.

Technical Brief Requests

Natural Resources Branch

Green Infrastructure

- What are examples of green infrastructure policies in similarly situated communities that aim to reduce nutrient loading for the improvement of water quality?

Infrastructure Branch

Hardened Communication Utilities

- What are examples of redundancies for hardening from communications providers?

Transportation

- How can Lee County benefit from a van pool program, similar to the program proposed by Ford and Lyft?

Fuel Infrastructure (Natural Gas)

- Can utilizing natural gas lines for back up fuel be a sustainable and reliable source?

Planning and Capacity Branch

Resilience Overlays

- What are some examples of similar coastal communities using resilience overlays?

Discussion Questions

What Technical Briefs are needed for the Branch to further develop branch initiatives?

Are you aware of assessments or studies that may exist?

Where would new research have to be done?

How can we leverage county and city officials, nonprofit leaders and other NGOs to obtain information?
